

Nature Friendly Products' cold cups, lids, containers, and straws are designed to meet the requirements of the food service industry and protect the environment. Made from a polylactic acid (PLA) renewable resource, these products are fully compostable and biodegradable in approximately 50-100 days in properly maintained compost facilities. They are superior in strength and performance, impermeable and non toxic, and refrigerator safe.

Item #	Description	Label	Case Weight (lbs.)	Units per case	Pallet Ti/High	Case Qty per pallet
<b>COMPOSTABLE CUPS</b>
