

Nature Friendly Products' cutlery is designed to meet the requirements of the food service industry and protect the environment. Made from a proprietary resin derived from a renewable resource of cellulose wood and grass ber, our cutlery is fully compostable and biodegradable in approximately 100 days in properly maintained compost facilities. These products are superior in strength and performance, high temperature resistant up to 170° F, impermeable and non toxic.

Item #	Description	Case Weight (lbs.)	Units per case	Pallet Ti/High	Case Qty per pallet
