

Nature Friendly Products' trash bags and liners are designed to meet the requirements of the food service industry and protect the environment. They are fully compostable and biodegradable in approximately 50-100 days in properly maintained compost facilities. These products are made from a polyester-based proprietary resin that is fully certified biodegradable and compostable, meeting the ASTM D6400 standards for compostability. They are superior in quality, strength and performance, BPI approved, and non toxic.

Item #	Description	Gauge (ml)	Rolls per box	Bags per roll	Case Weight (lbs.)	Units per case	Pallet Ti/High	Case Qty per pallet
